Madhya Pradesh Medical Science University, Jabalpur(M.P.)

The Examination Management System (EMS) has a simple and easy to use web-based centralized user interface and a well-defined database-centric schema for storing, retrieving, managing and aggregating examination objects. The system has a powerful but easy to use question bank authoring system with different question types like multiple choices, true or false, fill in the blanks, etc. The question banks are managed online and the questions can contain multimedia contents also. The question papers are delivered in a highly secured manner with 128-bit encryption technology. Effective reports are generated to know the details about examinations conducted, examination centre details, fee details, candidate details, cost and budget details, etc. The system is robust enough to handle large amount of data. Also the system is equipped with proper back up disaster recovery plan.
